Morph AI

Your always-on chief of staff. AI-powered calendar and task management — supporting documents for potential buyers.

Morph AI — Market & Growth Opportunity

Market

- **Productivity software:** $96B (Gartner 2025)
- **Calendar users:** 2B+ worldwide
- **AI productivity tools:** ~30% CAGR
- Google Calendar's core UX hasn't changed since 2006

Competitive Landscape

FEATURE	MORPH	GOOGLE CAL	MOTION	RECLAIM	AMIE
NLP Input	GPT-4o	Limited	Yes	Yes	Limited
Image Extraction	GPT-4 Vision	No	No	No	No
Chat UI	Full	No	Limited	Limited	No
Semantic Search	RAG	Keyword	Keyword	Limited	No
Multi-Language	10 langs	~20	English	English	English
Free Tier	Yes	Yes	No	Limited	No
Pro Price	$12.99	Free	$34	$10	$7

Unique Advantages

1. **Only product with GPT-4 Vision image extraction**
2. **Full conversational UI** — primary interface, not add-on
3. **RAG search** — no extra infra cost (pgvector)
4. **10 languages** — most competitors English-only
5. **Generous free tier** with clear upgrade path

Target Customers

SEGMENT	VALUE PROP	WTP
Professionals	Save 15+ min/day on scheduling	$10-20/mo
Students	PDF syllabus → calendar magic	Free → Pro later

Freelancers	Unified tasks + calendar	$10-15/mo
Teams (future)	Shared calendars, admin	$15-25/user/mo

Growth Levers

1. Mobile App (Designed, Ready to Build)

Four proactive notifications already designed in codebase: Daily Brief, Gap-Fill Nudge, Deadline Guard, Commute Re-plan. **Highest-value growth lever.**

2. Product Hunt Launch

Product is launch-ready with polished landing page, interactive demo, YouTube video, working free tier. Typical AI productivity launches: 5,000-15,000 signups.

3. SEO

Multi-language landing page = SEO in 10 languages simultaneously.

4. Outlook Integration

Doubles addressable market. Sync architecture is modular.

5. B2B / Teams

Database supports multi-user. Ops dashboard already exists.

6. API Productization

AI calendar parsing as a standalone API.

Pre-Built Marketing Assets

ASSET	STATUS
Landing page (10 languages)	Live
Interactive demo	Built in
YouTube demo video	Published
Pricing page	Live
Privacy & Terms	Live
Product overview (15+ pages)	Complete
Investor pitch (60+ pages)	Complete

Why Now?

1. AI tools are mainstream — users expect it
2. No clear winner yet in AI calendar space
3. First-mover on image extraction
4. Remote work = calendar management matters more
5. Product is ready — not an idea, a deployed SaaS
